ABOUT ME

I'm a dedicated Software Quality Assurance Engineer with a B.Sc. (Hons.) in Management Information Systems from University College Dublin. I have extensive experience in both full-time and freelance roles, where I consistently apply strong leadership, organizational skills, and a commitment to delivering high-quality software. My ability to solve complex problems is underpinned by a solid foundation in mathematics, logic, and programming, enabling me to contribute effectively to project success.

EXPERIENCE

Software Quality Assurance Engineer — 2024 Mar – Present

Sampath Information Technology Solutions (Pvt) Ltd

As a Quality Assurance Engineer, I specialize in conducting comprehensive testing, utilizing both manual and automated approaches. Following Agile Methodology, I ensure a structured and efficient testing process, which has allowed me to gain valuable expertise, particularly in pawning, Inventory & Complain Management systems.

- Reviewing quality specifications and technical design documents to provide detailed and constructive feedback.
- Developing comprehensive, well-structured test plans and test cases.
- Estimating, prioritizing, planning, and coordinating quality testing activities.
- Performing API testing using Postman to ensure backend functionality.
- Identifying and documenting defects through thorough regression testing.
- Implementing automation testing using Selenium and the Page Object Model (POM) for specific test cases.

Software Quality Assurance Analyst — 2022 Feb – 2024 Mar

Reservations Gateway (Pvt) Ltd

As a Quality Assurance Analyst, I proficiently conduct comprehensive testing encompassing both manual and automated methodologies. Adhering to Agile Methodology, I meticulously oversee the testing process. This has enabled me to accumulate valuable experience, particularly in domains pertinent to reservations.

- Reviewed quality specifications and technical design documents to provide meaningful feedback
- Created comprehensive and well-structured test plans and test cases.
- Estimated, prioritized, planned, and coordinated qualitytesting activities.
- Used Postman tool to run API testing.
- Identified & documented bugs while doing regression tests on products.
- Used selenium for automation testing forspecific test using page object model.

Trainee Software Quality Assurance — 2021 Sep – 2022 Feb

Reservations Gateway (Pvt) Ltd

As a Trinee Software Quality Assurance, I proficiently conduct comprehensive testing encompassing manual methodologies. Adhering to Agile Methodology, I meticulously oversee the testing process. This has enabled me to accumulate valuable experience, particularly in domains pertinent to reservations.
